WEIGHTS AND MEASURES DIRECTORY

This Directory contains a listing of technical staff of all weights and measures jurisdictions in the United States. The names, addresses, and telephone numbers have been verified with the Directors of each State. However, due to reorganizations, retirements, and position changes implemented after this printing, some information may no longer be current. If a change, deletion, or addition is required, please send updated information to:

Ann P. Heffernan
Conference Coordinator
National Conference on Weights and Measures
P.O. Box 3137
Gaithersburg, MD 20878

This issue contains the National Conference on Weights and Measures (NCWM) computer identification number next to each listing. This ID number should be included on all listing changes.

The designation "MBR NCWM" to the right of the listing indicates that person is a current member of the conference. If you are not now a member and would like to join the National Conference on Weights and Measures, an application is provided in the back of this publication. Please fill it out and send to the above address along with your check for $35.00 made payable to the National Conference on Weights and Measures.
